

ECEN 215 – Fall 2007
LAB 4 DATASHEET

Team _____

SECTION II – EWB

- B. Printout of schematic, input and output signals (3 cycles)
- C. Measured time constant

SECTION IV

A.

	NOMINAL	MEASURED	% ERROR
R			
R_L	n/a		n/a
L			

- B. Predicted τ _____
- C. **Printout of schematic, input and output signals** (3 cycles)
Measured **τ from simulation** _____
- D. Plot of input and output signals (3 cycles)
- E. Calculated τ from measurements
Discuss differences between predicted and measured time constants in lab report.

TA: _____
